Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 10/6/2004 has been entered.

computer product comprise the following features, which the prior art, either taken singly or in combination, does not teach:

- conversion means/step for generating non-text multi-valued image data by converting multi-valued image data of the text portion using multi-valued image data of a portion other than the text portion (see claims 1, 10, 21, 33, 41, 49, 50, 51, 52, 54, 55, 56 and 57);

- computing an average value of colors of a portion other than the text portion in the block of interest and converting the multi-value image data of the text portion by using the computed average color value, when it is discriminated in said discrimination step that the block of interest includes a text portion (see claims 53 and 58).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
